Class Schedules

Interview Questions:

- Who assisted you in choosing your classes? Who is your favorite teacher? With which of your friends do you have the same classes?
- In what grade are you? What is your easiest class? What class do you find the most challenging? In which class do you have the most work?
- When do you get to school? When do you usually leave?
- Where in school do you spend most of your time?
- Why did you choose the courses you did for your schedule? Why do or don't you find your schedule challenging? Tell me about your most challenging class and how you cope with it. Describe for me the class that comes naturally to you and why you think it does.
- How did you decide the courses you would take? How did you strategize the selection of courses? How much time do you invest in your classes in a typical day? How do you balance your difficult classes with other courses? How is your first semester schedule different from your second semester?
