

Before

During

After

Photos by Jason Kindig | Duncanville, TX

start & **A photo finish**

Complete coverage results from dedicated photojournalists (that's all yearbook staff members) arriving early and staying late. Capturing the before, during and after will record for all readers, not just those involved in the activities and events, the real stories of the year. Carry your camera with you at all times to get those one-of-a-kind photo stories.
